

# DISCLAIMER

Engaging in this crowdfunding initiative means contributing to Algorithmic Lab Limited's efforts in innovating and evaluating AI technologies and solutions via blockchain-enabled smart contracts. These contracts have undergone independent audits and validation. Crowdfunding participants will be awarded tokens associated with Algorithmic Lab Limited's ventures.

This communication does not represent an offer to sell or the solicitation of an offer to purchase any securities. Distribution, transmission, or dispatch of this document in jurisdictions where such activities are forbidden or limited by law is not permitted. The content presented does not serve as an offer to sell or the proposal to acquire in any jurisdiction where making such an offer or proposal is illegal without prior registration, exemption from registration, or authorization under the securities legislation of any jurisdiction.

This opportunity is not accessible in all nations, including the United States. All individuals engaging in or endorsing this campaign must abide by the prevailing laws and regulations within their jurisdiction.

The information released may include certain projections or expectations about future events, characterized by words like "believe," "expect," "anticipate," "envision," "aim," "plan," "may," "could," "might," "is capable," "will," or other similar terms. These forward-looking assertions about future occurrences are influenced by both identifiable and unidentifiable risks, uncertainties, and various factors that could significantly diverge actual outcomes, financial conditions, progress, or achievements from those suggested either explicitly or implicitly in these statements. Considering these uncertainties, dependence on these forward-looking statements is not advised. There is no commitment to revise these forward-looking statements to reflect future occurrences or developments.
